Hi Sarah,

Wanted to follow up on email below. Please let me know when I can expect a response to send him to reply within the 10-day period which I believe would be Wednesday (10/23). Is end of December a reasonable timeframe to respond to his request? Can we push it into 2020?

Thanks!

Ruben,

Unfortunately it is.

This guy is a "community organizer" and has made it his mission to harass charter schools across LA. He has sent identical requests to other schools.
